

panda

- Patented TUF-R 25W USB charging
- Choice of AC sockets & data solutions
- Distinctive compact modular design
- Flexible mounting options
- Decorative socket frames and end caps

panda

PANDA is the natural extension of our PolarICE concept with the addition of minimalist, snap-on decorative end caps and socket frames to embellish the compact design of the chassis. Available as standard with white frames, black end caps and sockets for a high contrast “Panda” look; a more contemporary feel can be had with white frames, end caps and gray sockets for the clean, modern aesthetic.

For those instances when the classics will not do, add a one-piece aluminum frame in one of eight select paint colors or specify your own RAL color for a unique feel.

TUF-R^{A+C}
25W
