

podium

- Floating low profile design
- Less than 2" of mounting depth
- 2 or 4 gang configurations
- Durable all-metal construction

podium

Low in profile, big on impact, PODIUM puts a modern spin on personal power. The sleek look makes PODIUM a great choice for workstations, touch-down areas and private spaces where AC power, USB charging, and data/AV connectivity is required.

Form follows function with PODIUM's "floating" faceplate design. Not only does it look cool, but it also protects from liquid ingress. PODIUM is built to last and looks good doing it. Available in two or four gang models.
