

BLACKICE makes a bold addition to OE's ICE product family. BLACKICE offers the same great design and build quality as the popular POLARICE, but all in black. In a world where so much in the office is now white, BLACKICE, with its cool black curves, offers a stylish alternative.

With options including OE's patented TUF-R A+C 25W USB fast charger and choice of modular AC sockets, the modern office worker will never be short of safe charging options. Combined with our data and AV connectivity selection, BLACKICE is available in almost any configuration imaginable!

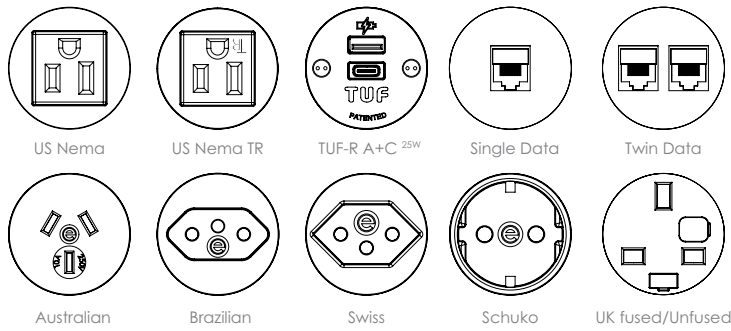

Add BLACKICE to any application with its diverse range of mounting options for quick and simple mounting to desktops, tool rails, slot walls and furniture panels. Extending the flexibility concept, BLACKICE can customize its shape! Before, during or after installation, BLACKICE can change end caps to a flat or custom design to meet the needs of the space.

UNIQUE SELLING POINTS:

- 'Cool' Black curves offer a stylish alternative
- Patented TUF-R 25W USB charging
- Choice of AC power sockets & data solutions
- Desktop and Panel mount options
- Easy to clean and maintain

Available Modular Components:

See www.oelectrics.com for full list of available [modular components](#).

Dimensions:

Additional Data:

Additional keystone data/AV can be added to BLACKICE using our keystone end cap, please enquire.

Standard Mounting:

* Please ring to confirm tool rail/panel compatibility

Configuration:

Configure BLACKICE's 42mm socket apertures with any combination of:

- AC power socket, or
- TUF-R A+C 25W USB charger, or
- Data/AV (additional knockouts available in end caps)

BLACKICE includes a unique full-length anti-flex system, which guarantees unit integrity, regardless of length.

Colors:

Frames & end caps - Black

Fascia - black (NEMA TR sockets - black only)

8-Select colors available as options on frames

Power and cord:

BLACKICE is wired as standard with a 32" 14/3 SJT cord to a male GST connector to be used with [OE's pluggable GST system](#).

Available by special order wired with a NEMA 5-15 cord and plug.

A starter cord is required for GST option: 72" or 108" 14/3 SJT cord with female GST connector, NEMA plug, and Integral OCP standard.

Data:

As well as soft-wired power, BLACKICE can accommodate soft wired data.

Using high quality in-line couplers with interchangeable system leads (or punch down sockets for site installed data) data cables can be changed "on-site" to suit individual office desk layout.

Where keystone sockets are ordered, our unique range of keystone adapters allow data outlets to sit flush and be color coded for easy circuit identification.

Mounting:

BLACKICE is designed to allow brackets to be changed on-site. Unless stated otherwise, BLACKICE can simply be moved (using the same bracket) or attached to another feature on the desk simply by changing the bracket.

Quality and Testing:

All BLACKICE units are manufactured using ISO9001 quality controlled components and practices, and are 100% tested before shipment.

- Visual: Configuration and appearance
- Power sockets: Continuity, polarity, insulation & ground
- TUF-R A+C 25W USB charger: Fully function tested, as well as 4 hour "full-load soak tested"
- Data & AV: 100% continuity tested; all orders are batch tested for performance compliance

"we test every pin in every socket in every module"

Certifications:

cETLus - UL962A / CSA22.2

International certifications available upon request.
